E GREET with hearty approval the Pure Food which was passed by Con-gress on June 30, 1906, and went into effect January 1. 1907. The people of America are entitled to protection of their health against adulteration and misrepre-

sentation of their food, drink and medicine, and the new law will go a long stride in the direction of accomplishing this purpose.

The REGULATION AND CONTROL of such objectionable and perilous conditions has been demanded for many years by the American people, until their insistence compelled the respect of their representatives in the National Legislature, and produced the Pure Food and Drugs Act, so long a step in the right directions. The victory was of and by the people, and the nation should glorify in the consciousness of it.

When, eleven years ago, it became our desire to furnish the American people with a mild, gentle, convenient laxative medicine for the family, palatable but powerful, harmless but effective, we were actuated by a fundamental PURITY OF PURPOSE—to produce a perfect product, strictly pure, clean, of vegetable ingredients—easy to buy, easy to take and easy in action. In the form of a dainty, fregrant little tablet, in a neat and handy little enameled box fit for purse or vest-pocket, we produce the greatest medicine of the kind in the world, under the motte, from its inesption to this day, of "PURITY." We had no guarantee that our preparation, now world-famous under the name Cascarcts Candy Cathartic, would make so phenomenal a record, but we had the FAITH that with our honest intention, our PURITY-PURPOSE, and our insistence upon perfection achieved by great ecientists, the People would learn the TRUTH, would get the results, and bestow their favor on our efforts.

We have never found it necessary to change our methods, our formula or the form or quality of our product in those eleven years of its history. The sale of Cascarets, by the favor and appreciation of the American people, has achieved the phenomenal proportions of OVER A MILLION BOXES A MONTH,—12,000,000 IN THE YEAR. This is the greatest demonstration of the success of an article created by a Purity-Purpose, that has been recorded.

The American people have recorded their MERIT-VERDICT about CASCA-RETS CANDY CATHARTIC. They have found that this little tablet has ever accomplished what was promised for it,—that it was the purest, mildest, most harmless, most trustworthy medicine FOR THE BOWELS, and with faithful use would accomplish the relief of many ailments arising from disturbances in the alimentary canal. We feel that the great CONFIDENCE of the American People has been deserved, and yet we feel grateful to them for this REMARKABLE DEMONSTRATION and wish to express the NOPE that we will continue to enjoy the confidence of the American Home hereafter as beretofore.
